Use-Case Name: 6.0 Manage Saved Schedules

Description: The purpose of this use-case is to enable the user to view, reuse and delete
schedules that are contained in the list of saved schedules.

Preconditions: Each of the three use-cases that extends to this use-case has its own unique
preconditions. Those are specified in the use-case specifications of those use-cases.

Flow of Events: Each of the three use-cases that extends to this use-case has its own unique flow of
events. Those are specified in the use-case specifications of those use-cases.

Postcondition: Each of the three use-cases that extends to this use-case has its own unique
postconditions. Those are specified in the use-case specifications of those use-cases.

Relationships: This use-case requires the functionalities of Use-cases: 6.1 View Saved Schedule, 6.2
Reuse Saved Schedule and 6.3 Delete Saved Schedule. Those use-cases are
elaborated in their respective specifications.
[Refer to the following documents: 6.1 - View Saved Schedule, 6.2 – Reuse Saved
Schedule and 6.3 - Delete Saved Schedule]

Special Requirements: NONE
